

THE PRECISION SERIES

COOL ENERGY & COAT

Supports:

ENERGY, HARMONY WITH RIDER, & SHINY COAT

Ingredients:

Wheat Starch, Coconut Oil, Fructooligosaccharides (F.O.S.), Potato Starch, Dried Whey Protein Concentrate, Molasses, Mixed Tocopherols

How and Why It Works:

- **Premium Coconut Oil:**
Provides highly digestible MCTs for fast, efficient energy without the excitability often linked to high-starch grains, and helps maintain a rideable, attentive, and responsive horse. Avoids excess omega-6 found in many common fat sources.
- **Inflammation-Concious Fat Supplement:**
Supplies fat without excess omega-6, helping support a more balanced fatty acid profile.
- **Helps with Shinier Coat & Overall Well-Being:**
The natural properties of coconut oil support skin, coat, immune function, and a naturally glossy appearance.

Recommended Feeding Guidelines:

100 kg weight: 42 g *
300 kg weight: 126 g*
500 kg weight: 210 g *
900 kg weight: 378 g*

*Starting Dose

Split serving into two feedings daily.

Feeding amounts may vary based on your horse's individual condition and needs. Start with 42 g per 100 kg of body weight per day and adjust as needed for condition and coat. Gradually increase to the desired serving to allow the digestive system to adapt and help reduce the risk of digestive upset.
