

PERFORMANCE

Supports:

ATHLETICISM, GROWTH, TISSUE REPAIR, & HARMONY

Ingredients:

Brewers Dried Yeast (inactivated), Yeast Extract, Dried Whey Protein Concentrate, Coconut Oil, Inulin, Psyllium Whole Husk, Molasses, L-Arginine, L-Histidine, L-Phenylalanine, Fructooligosaccharides (F.O.S.), L-Leucine, Gelatin By-Product, L-Tryptophan, DL-Methionine, L-Valine, Salt, Mixed Tocopherols

How and Why It Works:

- **Nucleotides:** Cellular building blocks that support tissue repair and muscle recovery. Supplying in raw form allows for faster cell regeneration without draining reserves. Beyond recovery, nucleotides also play a vital role supporting fertility, reproductive health.
- **Whey Protein & Essential Amino Acids:** Support accelerated muscle development, recovery, and repair of muscle cells post-exertion.
- **Coconut Oil:** Provides concentrated energy while supporting metabolic balance. Key fatty acids that are in short supply in a horse's typical diet.
- **Soluble Fibers & Prebiotics:** Nourish beneficial gut microbes that produce unique compounds not typically found in the diet, supporting digestion and metabolic health. Daily intake helps maintain an effective gut microbiome.

*Maintenance | Light Work | Competition | Recovery[†]

Split serving into two feedings daily. For best results, begin with the higher recommended serving amount. Once desired results are achieved, gradually reduce serving size to determine the appropriate maintenance level.

[†]Recovery from injury, surgery, and postpartum.
